THE UNITS

Beginning last years, we have started consolidating our experiences into units based on business partnerships and personal experiences in line with demands from clients. The plan is to have dedicated teams for each unit so that we are able to serve businesses and communities better.

amella inc
excellence in diversity

Imports vehicles of all types for the civils, business, health and mining.

We pride ourselves in being able to procure on a full turnkey basis specialized vehicles as per client requirements within agreed timelines and budget.

We are also a Be Forward Agent, SBT Japan and have experience in direct sourcing from Auctions.

Medicals Amella supplies consumables and medical equipment on an order basis.

However, in line with the directors' exposure this unit intends to develop a health database of individuals that will be available to medical practitioners across Zimbabwe without the need for physical records.

Hub ICT

Technology has become an integral part of our life. That open communication channels and business opportunities across the Globe.

We provide ICT solutions across hardware and consumables across various business platforms.

Cross & Crown Foundation
Creating Better Futures Together

This is our giving back to community initiative.

We believe knowledge is power. We source and supply reading materials for ECD, primary schools and orphanages in and around Zimbabwe.

Our ultimate goal is to provide disadvantaged schools and orphanages in the remote areas with books, medicals and ICT equipment.

Cross & Crown Foundation
Creating Better Futures Together

Cross and Crown Foundation is a family initiative built on Christian principles of Love, ad maiorem Dei gloriam. It's the collective brainchild of Dadiso, Andrew (in UK) and Godwin. We believe in creating a world where every child has access to enabling tools in the quest for quality education. We have started with the procurement and distributions of books.

We will harness the three units of mobility, health and ICT to bring about positive and sustainable change in Zimbabwean communities that struggle to have educational tools and health resources focusing on disadvantaged children.

To date we have donated books and some ICT equipment albeit on a small scale to Rose of Sharon Orphanage in Ruwa and Kandava Primary School in Seke.

We start small and we have a policy of "left hand not knowing what the right hand" is doing.
